A note about our wine list:

*We aim to offer a wide variety of Italian wines some of which will be well known whilst others are from very small producers with limited production and are less well known. Together they reflect the variety of wines being produced in Italy. We will continue to evolve this list and replace wines periodically and so we hope you understand when a wine ceases to be available and encourage you to try something new, Enjoy!!*

Thoughts on the matter: "I drink it when I'm happy and when I'm sad. Sometimes I drink it when I'm alone. When I have company I consider it obligatory. I trifle with it if I'm not hungry and I drink it when I am. Otherwise, I never touch it—unless I'm thirsty."
